The Petainer promise

Our promise is to deliver high performance packaging that meets consumers quality expectations while reducing the TCO for your business and the environment.

Our zero waste™ programme is at the core of this promise – a commitment to create effective operations and sales processes.

Gamechanging

Innovation and Design

Economics

Systems Solutions

zero waste™

Sustainability that supports your brand

With lower transportation costs, improved payload and reduced carbon footprint, petainerJar™ demonstrates economics: environmental sustainability that drives commercial success.

Economics:

Driver	Impact
Reduced Material Use	15% material weight vs. glass
Reduced Material Cost	Up to 20% vs. HDPE / Up to 60% vs. glass
Improved Payload	30% greater vs. glass
Reduced Freight Costs	80%+ reduction in logistics costs
Reduced Carbon Footprint	Up to 30%
100% Recyclable	Improved resource efficiency and sustainability
